ANNOUNCEMENT OF 2011 ANNUAL RESULTS, CLOSURE OF REGISTER, RECORD DATE AND CHANGE OF ADDRESS OF PRINCIPAL SHARE REGISTRAR

CHAIRMAN'S STATEMENT

Dear Shareholders,

The year 2011 was overshadowed by the lingering sovereign debt crisis in Europe, leading to increased market volatility worldwide. On the local scene, the Hong Kong property market began with a strong start to the year but gave way to rising uncertainty as a result of government's cooling measures to rein in property prices. Despite the tougher operating environment, Wing Tai Properties delivered another year of good results due to our integrated platform, balanced development portfolio and niche hospitality concept by "Lanson Place", as well as our success in strengthening our human capital. Our ability to create synergy across our businesses also contributed to our continued growth.

The Group's net profit recorded a year-on-year increase of 16% to reach HK\$2,212.9 million, including a revaluation gain of HK\$2,107.8 million of our investment properties. The Board of Directors has proposed a final dividend of HK7.7 cents per share. Together with an interim dividend of HK\$3.8 cents per share, total dividend for the year under review is HK\$11.5 cents per share, a 15% increase over 2010.

The year 2011 marked an excellent year of growth with the Group's property development driven largely by a healthy project pipeline. We achieved particularly impressive results in the pre-sale market, capturing the most opportune times to swiftly launch our projects. With our Forfar and Seymour project launches, we sold 95% and 85% of all the units, respectively. The Warren, another of our property development projects, has also been well received, with about 45% of its units already pre-sold as at the end of 2011. Moreover, the debut of our "Lanson Place Lifestyle Services" initiative at the Warren is a prime example of our cross-business synergy, adding a

unique level of value to our development platform.

The commercial leasing market remained buoyant in 2011 as it was anchored by healthy fundamentals. Limited supply lent support to overall rental rates and the Group continued to benefit from corporations looking to decentralise. We recorded good leasing rates and maintained positive rental reversions for our investment properties. Our flagship property, Landmark East, recorded near-full occupancy. Our drive to attain a quality tenant mix has earned us benchmark positioning in Kowloon East and has further enhanced our overall asset value. During the year under review, the Group's investment properties achieved an average occupancy rate of 92%.

Our "Lanson Place" branded hospitality services continued to enjoy notable success with its expansion plan in 2011. The Group won an additional two management contracts in Beijing and Shanghai, boosting Lanson Place's portfolio to a total of 10 properties across Asia's gateway cities. The partnerships with two reputable local developers in Beijing and Shanghai underscore our strong brand name in hospitality services backed by a professional management team and strong operating performance. Furthermore, the acquisition of the remaining 40% interest in Lanson Place Hotel by Winsor Properties in June 2011 will further enhance recurring earnings for the Group.

Our joint venture development with the Nan Fung Group in Shanghai also further strengthened our foothold in the high-end property market in Mainland China. Refurbishment of the development is on schedule and is expected to be completed in 2013.

While the Group has successfully achieved solid and sustainable growth across our property and hospitality businesses, it is the dedication of our employees and the contribution they make to our business that are imperative to our continued success in managing various projects in multiple locations. We will continue to put great emphasis on strengthening our senior and middle management teams so as to further enhance both managerial capability and productivity.

I would like to take this opportunity to thank all stakeholders, including our shareholders, business partners and devoted employees, for their support. Without a doubt, all our stakeholders have been and will continue to be fundamental to the Group's continued success.

Cheng Wai Chee, Christopher
Chairman

MANAGEMENT DISCUSSION AND ANALYSIS

Business Review

For the year ended 31 December 2011, the Group reported a consolidated profit attributable to equity holders of HK\$2,212.9 million, compared with HK\$1,913.1 million in 2010. The 16% increase in profit was mainly due to higher aggregate sales of residential properties being recognised, a higher fair value gain and growing rental income from investment properties, which was partly offset by a gain on disposals of two investment properties in 2010. The total revenue for the Group was HK\$2,734.5 million, an increase of 26% compared with HK\$2,176.8 million in 2010.

Property

The Group's property division, which includes property development, property investment and management, and hospitality investment and management, recorded a segment profit of HK\$3,005.8 million in 2011, compared with HK\$ 2,557.5 million in 2010. The fair value gain of the investment properties was HK\$2,105.0 million for the year under review, compared with HK\$1,878.6 million in 2010.

Property Development

Seymour, in which the Group has a 30% interest, was launched for pre-sale in November 2009. The occupation permit was obtained in the second half of 2011 and attributable revenue of HK\$887.9 million for the 69 pre-sold units was recognised in 2011. Over 90% of the pre-sold units were delivered to purchasers in the first quarter of 2012.

Forfar was successfully re-launched in March 2011 for its remaining 15 units. Of these, 13 were sold, generating revenue of HK\$538.9 million in 2011. Thus, only two special units remain unsold.

The Warren, the Group's wholly-owned premier development in Tai Hang, Causeway Bay, was launched for pre-sale in November 2011, and over 45% of its units have been pre-sold to date. The foundation works are expected to be completed in the second quarter of 2012, to be followed by the commencement of superstructure works. The project is scheduled for completion in 2014.

The Group has a 15% interest in Providence Bay, the Pak Shek Kok development at Tai Po Town Lot Nos. 186, 187 and 188. Lot No. 186 was launched for pre-sale in November 2011, and over 38% of the units have been pre-sold to date. Meanwhile, applications for presale consent have been submitted for Lot Nos. 187 and 188. The entire development is expected to be completed in phases between 2012 and 2013.

The residential development at No. 1-2 Coronation Terrace in Mid-Levels West, a traditionally sought-after Hong Kong address, has been officially named The Pierre. The luxury boutique tower offers approximately 70 apartment units and has a gross floor area of approximately 40,000 square feet. The foundation works are progressing according to schedule, and the project is scheduled for completion in 2014.

In April 2011, the Group formed a 50-50 joint venture with the Nan Fung Group and acquired a premier residential development site at Ko Shan Road, Hung Hom. The site has a developable area of approximately 160,000 square feet. Wing Tai Properties Development Limited, a wholly-owned subsidiary of the Group, has been appointed as the project manager of the development, which is scheduled for completion in 2015.

The Group's subsidiary, Winsor Properties Holdings Limited ("Winsor Properties"), has a 30% interest in Belle Vue Residences, a luxury residential development in Singapore. 82% of its units have been sold, of which 12% were sold in 2011.

Property Investment and Management

Winsor Properties is the Group's investment holding arm of commercial, industrial and retail properties in Hong Kong. As at 31 December 2011, the Group's portfolio of investment properties, comprising 1.5 million square feet of Grade-A office buildings and 1.3 million square feet of industrial buildings in the Kowloon urban area, had an aggregate fair market valuation of HK\$12,160.0 million.

In 2011, the Group continued to benefit from corporations looking to decentralise. Our flagship office property, Landmark East, the Grade-A twin-tower commercial buildings, recorded near-full occupancy, with spot rent continuing to increase as a result of our good market positioning in Kowloon East and the limited supply of quality commercial properties.

As at 31 December 2011, the Group's portfolio of industrial properties had an aggregate fair market valuation of HK\$2,390.0 million, and their average occupancy rate in 2011 was over 93%.

The 50-50 joint venture with the Nan Fung Group formed in December 2010 acquired a property in Lujiazui, Shanghai Pudong's financial and commercial district fronting the Bund. The property is under construction and is scheduled for completion in 2013.

Hospitality Investment and Management

The Group's hospitality business under Lanson Place management grew solidly year-on-year, in terms of both occupancy and rental rate, in 2011. As at 31 December 2011, both Lanson Place Jinlin Tiandi Residences in Shanghai and Lanson Place Central Park Residences in Beijing had over 94% occupancy. The Lanson Place Hotel, the luxury boutique hotel in Hong Kong, also continues to be well recognised by travellers, winning various awards and benefiting from the city's growing tourism and regional business activities. The Group acquired the remaining 40% interest in the hotel in June 2011 through Winsor Properties.

Lanson Place entered into 10-year management contracts for luxury serviced residences in Shanghai and Beijing in October 2011 and February 2012, respectively. Both are owned and developed by leading property developers in China, and targeted for opening by 2013. The 79-unit Shanghai residence is under the Luxiangyuan project and at the centre of Shanghai's most prominent commercial districts – the Huaihai Road central business district, Xintiandi, and the Yuyuan Garden and Chenghuang Temple complex. The 59-unit Beijing residence is under the Beijing Xanadu project and next to the iconic CCTV Headquarters in the commercial heart of the Beijing CBD East Expansion area. Including these two contracts, Lanson Place has a total of 10 management contracts in Hong Kong, China and Southeast Asia.

Apparel

The Group's apparel division, which comprises garment manufacturing and branded products distribution, generated aggregate revenue of HK\$661.1 million during the year under review, compared with HK\$746.4 million in 2010. These segments' losses in 2011 was HK\$29.5 million, compared with a profit of HK\$8.6 million in 2010.

The garment manufacturing business recorded a segment profit of HK\$14.1 million in 2011, compared with HK\$7.9 million in 2010. However, the branded products distribution business continued to suffer an operating loss due to the slow recovery in the high-end retail market in the UK, where it operates.

Investing Activities

The Group's investment activities in 2011 led to a segment profit of HK\$34.4 million, compared with HK\$23.9 million in 2010. This profit is mainly from dividend income from the Group's investments held through Winsor Properties.

FINANCIAL REVIEW

Liquidity and Financial Resources

The Group's net assets totaled HK\$15,382.7 million as at 31 December 2011 (31 December 2010: HK\$13,271.4 million). The increase was mainly resulted from the profit for the year of HK\$2,735.9 million, offset by the decrease in investment revaluation reserve of HK\$117.0 million, distribution of 2010 final dividend and 2011 interim dividend totaled HK\$136.6 million, dividend paid to non-controlling shareholders of HK\$87.1 million and the decrease in equity in relation to the acquisition of the non-controlling interests of Lanson Place Hotel of HK\$256.6 million in the first half of 2011.

As at 31 December 2011, the Group's net borrowings (total bank loans and other long-term loans less bank balances and cash) was HK\$4,212.1 million (31 December 2010: HK\$3,313.7 million), representing 27.4% of the Group's net assets (31 December 2010: 25.0%). The increase in net borrowings and gearing ratio was mainly due to an increase in bank loans on property development projects in 2011. Interest for the Group's bank loans was mainly on a floating rate basis. Around 67% of the Group's bank loans was repayable in periods beyond one year. In addition to the term loan facilities, the Group has unutilised banking facilities in excess of HK\$2,291.7 million as at 31 December 2011 (31 December 2010: HK\$2,280.5 million).

Foreign Currencies

The Group principally operates in Hong Kong, and as a result, has minimal exposure to exchange rate fluctuation. The Group conducts its business mainly in Hong Kong Dollars, Renminbi, United States Dollars and UK pounds. For transactions in other foreign currencies, the Group will closely monitor the exposure, and if consider appropriate, hedge to the extent desirable.

The Group's advances to the associates/jointly controlled entities include amounts of HK\$2,192.6 million (31 December 2010: HK\$1,587.4 million) which are assigned, and the shares in these associates/jointly controlled entities beneficially owned by the Group are pledged to the financial institutions.

At 31 December 2011, certain of the Group's investment properties, other properties, plant and equipment, available-for-sale financial assets, held-to-maturity investments, properties for sale, pledges bank deposits and deposits and loan receivables with carrying values of HK\$13,662.5 million, HK\$77.7 million, HK\$187.0 million, HK\$48.7 million, HK\$4,127.1 million, HK\$0.8 million and HK\$267.2 million respectively were pledged to secure credit facilities for the Group.

PROSPECTS

Despite the challenging outlook for the global economy, we believe Hong Kong's economy will remain resilient to external pressures given its strong fundamentals. Healthy domestic demand, low interest and mortgage rates and the expected soft landing of China's economy will continue to fuel the stable development of Hong Kong's property market. The residential market will also benefit from the government's pledge to increase land supply. The Group remains optimistic about the healthy growth of the local property market in 2012.

In property development, the Group will continue to seize the appropriate market windows to launch the few remaining special units at Forfar and Seymour, which are expected to command premium prices. We will also continue to offer for sale the remaining units at the Warren and Providence Bay as well as to launch the pre-sale of the Pierre in Mid-Levels West. The steady sales offers are expected to drive income growth, generate positive cashflows and further bolster Wing Tai Properties' presence in the luxury residential sector. At the same time, we will be on the lookout for investment opportunities to further enhance our project pipeline.

The commercial leasing market is expected to maintain its healthy momentum in 2012. Our investment properties will likely see positive rental reversions upon realising lease renewals. In particular, Landmark East, our premium office towers in Kowloon East, will benefit from the government's plan to develop Kowloon East as a new central business district. With our well-planned tenant-mix strategy, we are confident that the Group's investment properties will be able to sustain high occupancy rates and generate increasing recurrent revenue and cashflows.

Lanson Place will continue to pursue its expansion plan for its new properties in China and key gateway cities in Asia following its success last year. We expect the growing portfolio of Lanson Place to continue to deliver revenue and earnings growth in 2012. In Hong Kong, earnings contributed by the Lanson Place Hotel will increase following the acquisition of a 40% interest by Winsor Properties. It is also set to benefit from the booming tourism and increasing inter-regional business activities in Hong Kong.

It is our long term objective to reap the benefits of our integrated business platform to ensure a stable and sustainable growth of all our business segments. We are confident of further enhancing our market position as a premium developer in the property market in Hong Kong and beyond.
